

Leviton Moving Forward

Supply Chain Advancements

With an improved and more robust supply chain moving forward we are back to maintaining Pre-Covid Fill Rates, below are some of the improvements we have made:

- Increased staff in our Morganton, NC Manufacturing Plant
- Expanded Mexico production by 3x
- Moved select production from NC to Mexico for increased residential output
- Our CEO is committed to being in position to not have supply chain affect Leviton again

Total Breath of Leviton

No other wiring device manufacturer makes as wide a range of products that Leviton has to offer

- We produce a wide range of quality products Distributors can upsell for added profits
- Beyond Core Devices we offer a full line of: USB's, Sensors, Lighting Controls, Decora Smart™ Products, Industrial Devices Connected Home Products, Sub-Meters, EVSE, The Leviton Load Center
