

2022 Sustainability Report

LEVITON'S ACTION CATEGORIES & UN SDG ALIGNMENT

	Carbon Reduction and Energy Efficiency	
	Innovation	
	Reduce Jobsite Waste	
	Maximize Recycling	
	Water Stewardship	

OUR PURPOSE

We build what's next to light, power, and connect everyday spaces.

OUR COMMITMENT TO SUSTAINABILITY

We have proudly introduced our **Sustainability Program CN2030**. This powerful initiative signifies our resolute determination to attain company-wide carbon neutrality by 2030. But our aspirations don't stop there; we are driven by a desire to go beyond, aiming to achieve nothing less than net-zero emissions by 2050.

CN2030

Carbon Neutral by 2030

“I am excited to welcome you to Leviton's first annual Sustainability Report. We believe it is our responsibility to make an impact by fostering sustainability with how we behave and build solutions that help preserve the environment.

DARYOUSH LARIZADEH
President and CEO

TCO₂e = metric tons CO₂e

2022 Sustainability Report

Our Sustainable Achievements Towards Carbon Neutrality

GLENROTHES, UK FACILITY IMPLEMENTS SOLAR ENERGY

We installed **1,874 panels** at cost of **\$800,000** that generates **750kWh of electricity**. Our Glenrothes Scotland facility has been Carbon Neutral since 2011, first in our industry (in Europe).

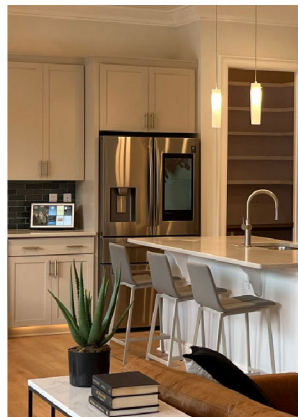

LEVITON CANADA ACHIEVES CARBON NEUTRALITY

Through all our efforts, we were able to realize a **200 metric ton CO₂e reduction** from 2021 to 2022, and through offsets, became carbon neutral.

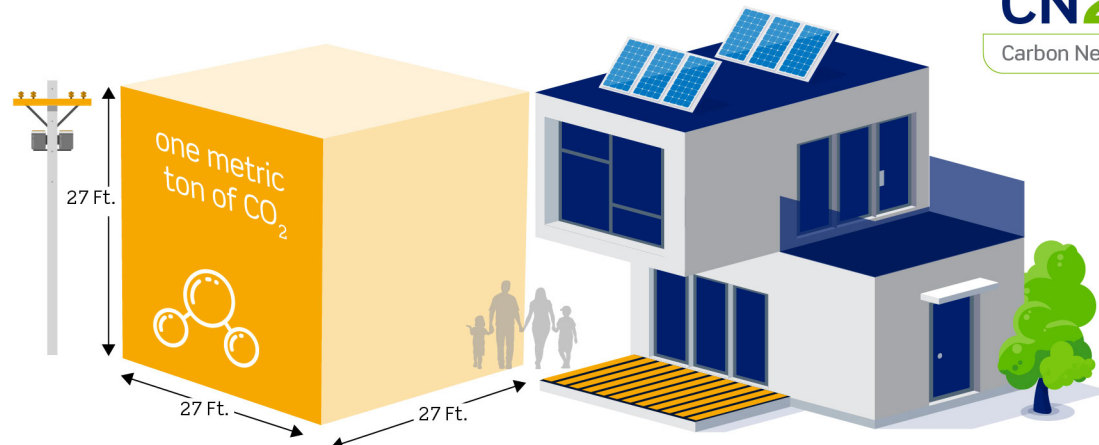

ORDER CONSOLIDATION IN THE U.S.

By consolidating our customers shipments, we **successfully reduced 8 metric tons of CO₂e output per year**.

SMART TECHNOLOGY: DIMMERS AND CONTROLS

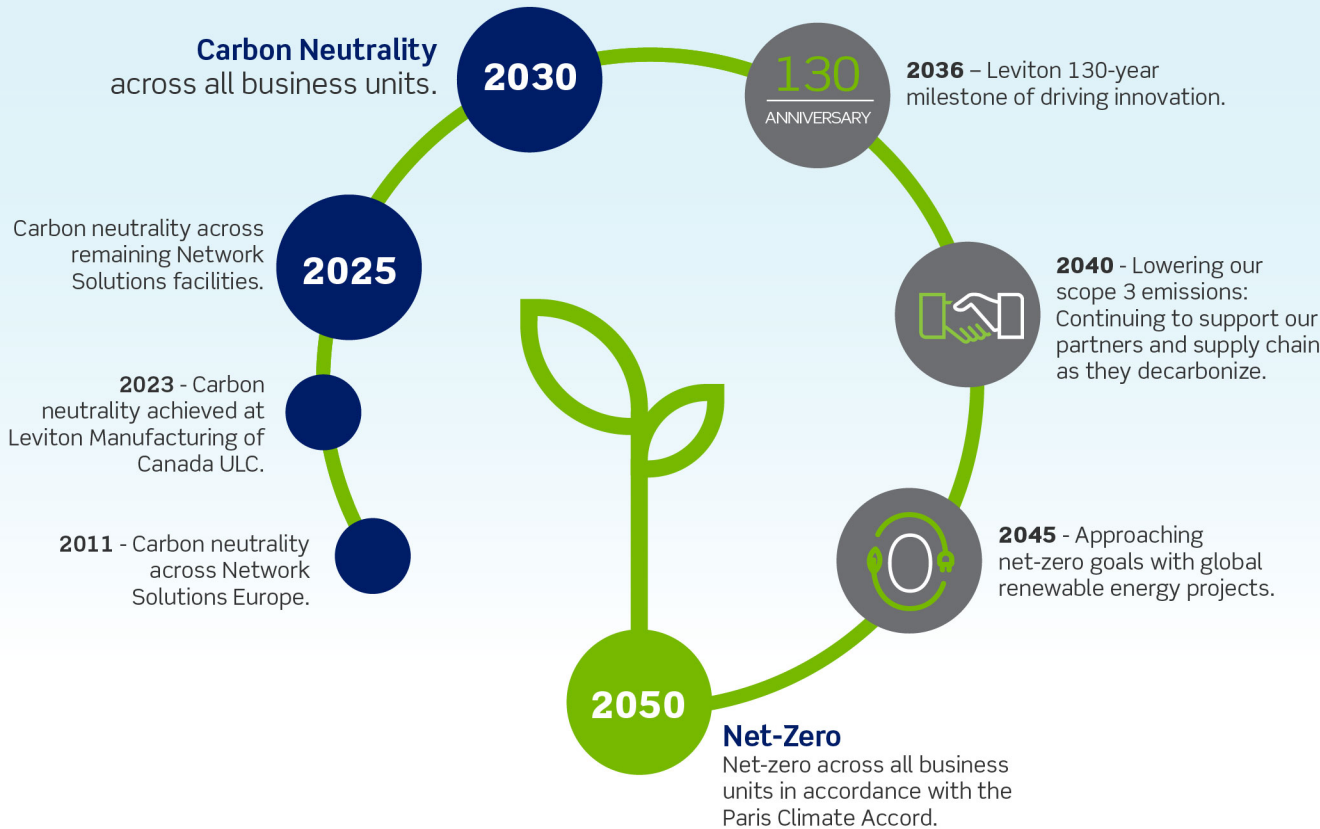

In just the last five years, our residential dimmers have helped **save 52 billion watts of energy per year**, equating to a reduction of **44 million pounds of CO₂e per year**.

Leviton's Sustainability Plan

The Company We Keep

We believe that engaging with diverse groups of people and organizations is the best way to maximize our investment in sustainability. We listen and observe to understand, and then we collaborate to find optimum solutions.
