

Single-Gang Weatherproof Toggle Switch Cover Kit

Commercial Specification Grade
20 A, 120/277 VAC

This kit is perfect for applications requiring the installation of a single pole switch in a wet or damp location.

Kit includes:

- Rugged, powder-coated metallic weatherproof cover for maximum durability
- Heavy-duty gasket to provide a weatherproof seal
- Commercial Specification Grade Single Pole Switch (20 A, 120/277 VAC)

Easily installs onto a weatherproof box (sold separately)
