

2025 Sustainability Report Summary

LEVITON'S ACTION CATEGORIES & UN SDG ALIGNMENT

Carbon and Energy Reduction

Innovation

Reduce Jobsite Waste

Maximize Recycling

Water Stewardship

OUR PURPOSE

We build what's next to light, power, and connect everyday spaces.

OUR COMMITMENT TO SUSTAINABILITY

Our **CN2030 Sustainability Program** reflects our strong commitment to achieving company-wide carbon neutrality by 2030. However, our aspirations don't stop there. We are driven by a desire to go beyond, aiming to achieve net-zero emissions by 2050.

CN2030

Carbon Neutral by 2030

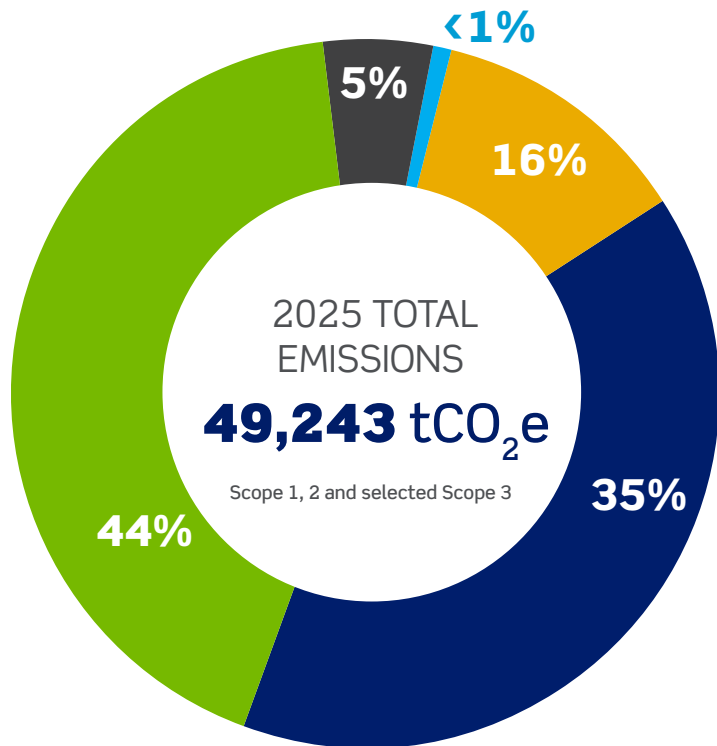

“Our 120-year history of building what's next has taught us that the most meaningful work is the work that outlasts us.”

DARYOUSH LARIZADEH
President and CEO

2025 Sustainability Report Summary

2025 RESULTS

- › Direct GHG Emissions 16%
- › Purchased Energy 35%
- › Transport & Distribution 44%
- › Waste 5%
- › Water <1%

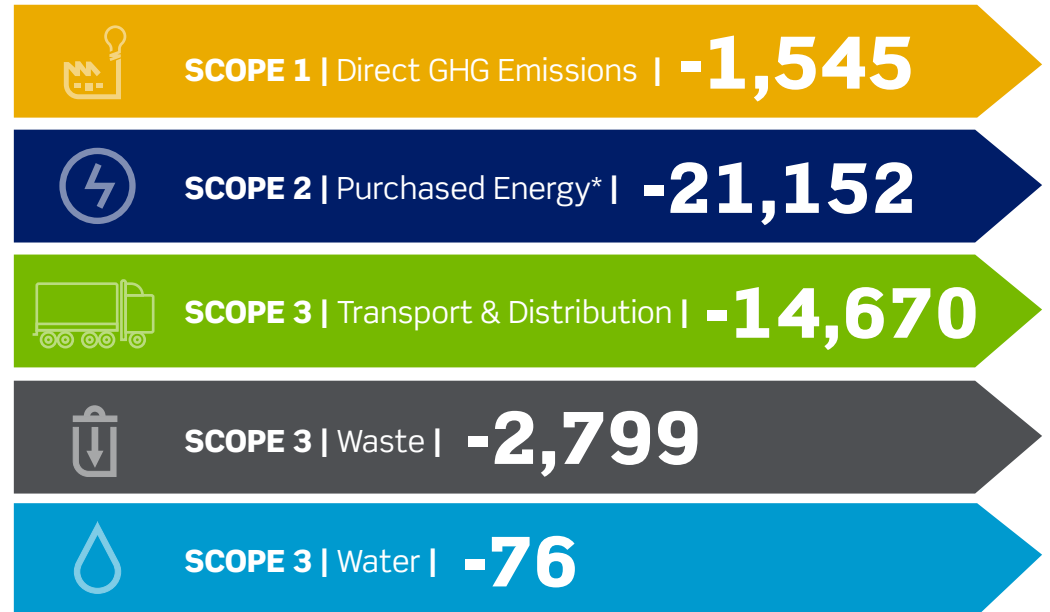

2025 ACHIEVEMENTS

COMPARED TO OUR 2021 BASELINE

-40,202 tCO₂e

-45%

CHANGE FROM OUR 2021 BASELINE

LEGEND: GHG EMISSIONS INVENTORY BY SCOPE tCO₂e
tCO₂e = metric tonnes CO₂e

*Market-based calculation reflects emissions from electricity that have been purposefully chosen by Leviton.

2025 Sustainability Report Summary

Our Sustainable Achievements Towards Carbon Neutrality

Leviton has 23 Carbon Neutral sites, including our entire Network Solution division.

Leviton Network Solutions business has EPDs available for many of its copper and fiber systems and products.

Leviton's distribution centers in Tennessee and Nevada fully transition to clean energy.

Leviton implements emissions free last mile and some long haul trucking routes in Canada.

Leviton's lighting solutions can help customers save over 45 million kWh annually, reducing emissions by more than 12,460 tCO₂e.

Leviton redesigned packaging to eliminate waste, cutting 42.6K lbs of plastic, removing 1.24M clamshells, and avoiding 19 tonnes CO₂e.

Leviton's manufacturing expansion project in Camargo, MX earned GB's first-ever Green Globe Certification in Mexico.

Leviton has reduced water consumption by 107 million gallons since our 2021 baseline.
