

LEO LED Fresnel, 100W

DESCRIPTION

The Leviton LEO LED Fresnel is a compact, light weight fixture suitable for small TV studios, stages and multi-purpose venues with limited ceiling space. The 100W, white light output Fresnel spotlight provides high lumen output and close-to-skin tone color rendering. The fixture is controlled via DMX signals or manually through a local control panel using press buttons, a tuning knob and a 4-digit display

Included with the LEO LED Fresnel is a pair of IN and OUT powerCON receptacles.
