

Lumina™ RF Decora® Wireless Keypad Room Controller

For Use with Lumina RF Wireless Room Control System

Description

The Lumina™ RF Decora® Wireless Keypad Room Controller (DLDNK) is the primary user interface for a Lumina RF Wireless Room Control System, combining both familiar pushbutton control and energy management business logic into line voltage-powered wireless communication devices. The Lumina RF Keypad manages a room by coordinating activities of all wireless devices within the space.

Leviton Antimicrobial Color Change Kits (CKDAK) feature antimicrobial treated plastic to help keep its surfaces cleaner and prevent microorganisms from degrading the product. This product contains an antimicrobial agent to inhibit the growth of mold, mildew, fungus and odor-causing bacteria that cause discoloration, staining, deterioration or corrosion on the surface of the device in between normal cleanings.

Lumina RF Wireless Room Control System

The Keypad works with compatible wireless devices to create an advanced intelligent lighting system that can be used to comply with IECC, ASHRAE 90.1, and 2022 Title 24, Part 6 occupancy/vacancy sensing, 0-10V dimming, and daylight harvesting requirements. Dimming, multi-zone daylight harvesting, occupancy and vacancy sensing, manual control, and scene control are configured using the Bluetooth®-enabled Lumina RF Wireless App.

The Keypad also provides the primary interface between the smartphone/tablet commissioning and control device and the Lumina RF Wireless Room Control System. Wirelessly configure, control, monitor and provision the Lumina RF Wireless Room Control system using the Bluetooth®-enabled Lumina RF Wireless App designed for an Android or iOS smart phone and other compatible devices within a 30' range.

Applications

- Daylight harvesting with occupancy and light level sensing with optional ZC015 Sensor and Photocell
- Room entry stations or remote (3-way) switch for use at other entry doors
- Coordination of Leviton wireless energy management devices in a space
- Control of Intellect-enabled lamps and fixtures. Contact factory for more information.

Features

- Bluetooth interface for connection to any Android or iOS devices with Bluetooth 4.0 with BLE—download the Lumina RF Wireless App at Google Play or the Apple App Store
 - Configuration
 - Control
 - Status monitoring
- Every node is a repeater
- Line voltage powered
- Implements energy management business logic for wireless devices
- Customizable buttons that can be programmed through the Leviton Lumina RF Wireless App to perform a variety of functions:
 - Room ON/OFF
 - Group ON/OFF
 - Scene
 - Any fixture at any level
 - Fade time
 - Preset groups
 - Toggle
- Button LEDs monitor and track actual room status
- Decora aesthetic
- Available in 1-, 2-, 4- and 8-button models
- LED status indicators
- Multiple operating modes: toggle maintained, toggle momentary and preset
- Can be used to comply with IECC, ASHRAE 90.1, and 2022 Title 24, Part 6 occupancy/vacancy sensing, 0-10V dimming and daylight harvesting requirements

*Room Controllers can also be used as Remote Keypads for multi-way switching

Specifications

Electrical	
Input Voltage	120-230-277VAC , 50/60 Hz, 40mA
Output	None—wireless communication only
Radio Frequency	2.4 GHz wireless mesh network
IP Rating	IP30
Network Connections	IEEE 802.15.4, Up to 75' between Lumina RF devices, mesh network—all devices are repeaters, up to 30' between Keypad and Bluetooth phone or tablet, 75' between Keypad and first fixtures
Connections	16 AWG (Power connections)
Environmental	
Operating Temperature Range	32° F to 122° F (0° to 50° C)
Storage Temperature Range	-4° to 185° F (-20° to 85° C)
Relative Humidity	0 to 90% non-condensing, for indoor use only
Other	
Energy Codes	Can be used to comply with IECC, ASHRAE 90.1, and 2022 Title 24, Part 6 occupancy/vacancy sensing, 0-10V dimming, and daylight harvesting requirements
Listings	UL/cUL Certified, UL924, NOM Listed, RoHS 2 Compliant, and IEC61000-4-2, UL916 standard for energy management equipment. Listed on the DesignLights Consortium® (DLC) Qualified Product List (QPL).
Radio Certifications	FCC certified for wireless communication (U.S.), FCC ID: QGH-DLDNK, IC Certified (Canada), IC ID: 2473A-DLDNK
Warranty	5-Year Limited
