

New Construction Plate with Adjustable Bar Hangers

DESCRIPTION

- New Construction Plate with Adjustable Bar Hangers supports 3-, 4-, 6-, and 8-inch downlights
- Universal mounting; can be installed in either drywall or T-Grid applications
- Center notches in fixture cutouts provide easy visual guide for accurate mounting locations
- Bar hangers can be removed and placed on the other side of the frame for added stability for larger joist/T-Grid openings; pre-installed lock screws hold bar hangers in place
- In most applications, bar hangers can be adjusted to accommodate joist spacing without having to be removed from the plate
- Low profile mounting ends with leveling flanges and preinstalled nails
- Made of galvanized steel, mounting plate ensures durability
