

April 2025

Leviton Manufacturing UK Ltd – Datacom products

Waste Electrical and Electronic Equipment Regulations 2012/19/EU

Leviton Manufacturing have verified through independent sources that the scope of Directive 2012/19/EU, commonly referenced as the WEEE Directive, does not apply to the datacom products manufactured, as supplied, through the following exemption:

Article 2, point 3:

(c) large-scale fixed installations, except any equipment which is not specifically designed and installed as part of those installations; (Source: [legislation-profile - ECHA](#))

With this exemption in place Leviton Manufacturing UK Ltd is not required to register as a producer, collector, or re-processor of waste electrical and electronic equipment.

EU Battery Regulation 2023/1542

Leviton does not manufacture or supply batteries as part of the Datacom product group and is therefore not obligated under the above regulation.

A handwritten signature in black ink, appearing to read "A. Jackson".

Signed for and on behalf of Leviton Manufacturing UK Ltd

Mr. Thomas Jackson DipNEBOSH, ENVDipNEBOSH, AIEMA, MIIRSM

Health, Safety and Environmental Manager
