

## 6-Port Versatile QUICKPORT™ Bracket For mounting in STRUCTURED MEDIA™ Center Enclosures

### APPLICATION

The 6-Port Versatile QUICKPORT Bracket offers an economical and flexible mounting solution in STRUCTURED MEDIA Center enclosures. The bracket can be used with Leviton 6-way and 8-Way coax splitters for RF, DOCSIS, and MoCA distribution applications or QUICKPORT connectivity for patching. The 6-port bracket allows for mixing and matching any combination of QUICKPORT data, fiber, audio/video, or voice connectivity, including Cat 6, Cat 5e, HDMI, USB, Coax, Binding-Post, and RCA options.

### SPECIFICATION

6-Port Versatile Bracket shall accept all Leviton's 6-way and 8-way coaxial splitters or alternatively accept all Leviton QUICKPORT snap-in connectors. The bracket shall mount inside Leviton STRUCTURED MEDIA Center enclosures. The bracket shall be made of a UL 94 V-0 Polycarbonate material.

### FEATURES & BENEFITS

- 6 QUICKPORT openings support mixed media applications
- 3 in (76 mm) space mounting holes support Leviton 6-Way and 8-Way Coaxial Splitter mounting with #6-32 x 0.5 in (13 mm) screws (user provided)
- Secure Snap mounting design provides simple installation into STRUCTURED MEDIA Center without the need for additional hardware

### DESIGN CONSIDERATIONS

- Bracket installs in Leviton STRUCTURED MEDIA Center enclosures
- Bracket tie-down features allow for mounting of small equipment using hook and loop fasteners
- Pair with Leviton Saddle Tie Kit (49605-AST) and Universal Shelf (49605-AUB) for expanded equipment mounting options

### STANDARDS & REGULATIONS

- ANSI/TIA 570

### MECHANICAL SPECIFICATIONS

Dimensions: See page 2  
Materials: Polycarbonate UL 94 V-0  
Temp. (Storage): -40 °C to +70 °C (-40 °F to +158 °F)  
Temp. (Operating): -10 °C to +60 °C (+14 °F to +140 °F)

### COUNTRY OF ORIGIN

Mexico
