Plastic Saddle Tie Kit with VELCRO® Brand Fastener Cable Management

APPLICATION

The Plastic Saddle Tie Kit with bulk roll VELCRO® Brand fastener strips provides cable management and routing for low voltage and multimedia cables. The saddle ties snap into Leviton STRUCTURED MEDIA™ Centers, and provide a tie-down feature for 1/2-inch VELCRO® Brand fastener strips.

SPECIFICATION

The Plastic Saddle Tie Kit (Part No. 49605-AST) shall include five saddle ties and five feet of hook and loop fastener. The saddle ties shall be molded from Nylon 6/6 white plastic and shall mount in any Leviton STRUCTURED MEDIA Center Enclosure. The hook and loop fastener strips shall be a 1/2 inch wide continuous roll (5 feet for Part No. 49605-AHL, 15 feet for Part No. 49605-AHL), black. The fasteners strips shall be reusable.

FEATURES & BENEFITS

- Lacing points on saddle ties accepts 1/2-inch VELCRO® Brand fastener strips
- VELCRO® Brand fastener strips can be secured vertically or horizontally supporting flexible cable routing
- Secure Snap one-piece design provides robust cable tie-down point anywhere within the STRUCTURED MEDIA Center

DESIGN CONSIDERATIONS

- Use with Leviton plastic and metal STRUCTURED MEDIA Centers
- Saddle ties support horizontal or vertical strap placement

STANDARDS & REGULATIONS

- RoHS
