

## Fiber Raceway Over the Top Drop-Off Kits

### APPLICATION

Fiber Raceway Over the Top Drop-Off Kits provide a safe exit for fiber at any point along the ducting in order to drop down to racks and cabinets. Over the Top Drop-Off Kits can be installed onto the side of the solid ducting. Outlet trumpets may be attached at the open end.

### SPECIFICATION

Fiber Raceway Over the Top Drop-Off Kits shall provide a safe exit at any point along the ducting for cables to drop down to racks, cabinets, or transition into alternate pathway. Over the Top Drop-off Kits shall protect fiber and maintain proper bend radius. Components shall be UL listed and manufactured of fire-retardant materials. Over the Top Drop-Off Kits shall be easily installed without the need to cut ducting.

### FEATURES & BENEFITS

- Compatible with duct sizes: 4" x 4", 4" x 8", and 4" x 12"
- Installs on to the side of duct section and allows cable to ramp up and out of the duct section. No duct cutting required
- Drop-offs can be added to existing installations at any point along the ducting
- Tubing can be attached to Fiber Raceway Over the Top Drop-Off Kits to safely enclose and route fiber as it exits the duct when used with applicable end cap

### DESIGN CONSIDERATIONS

- May be utilized to store and route copper cable in an indoor environment. It is recommended that fiber and copper be stored in separate systems
- Provides for entrance and exit points along the ducting in order to drop down to equipment racks or cabinets

### STANDARDS & REGULATIONS

- UL 94V-0 Material Rating for Flammability
- Meets NEBS GR-63-CORE\*
- UL 2024A Optical Fiber Raceway, Riser Rated

### MECHANICAL SPECIFICATIONS

Dimensions:	See page two
Materials:	Noryl Plastic, an LSZH material
Color:	Yellow

### COUNTRY OF ORIGIN

Australia
