

## 1RU 24-Port Modular Angled Panel

### APPLICATION

The 1RU 24-Port Modular Angled Snap-in-Jack Patch Panels (includes Management Bar with each panel) provides increased rack density. The unique 'inline' angled design facilitates cord routing directly into the vertical side management, saving on rack space. The design accommodates separate rear cable management to provide strain relief, simple routing of horizontal cabling, and colorcoded labeling.

### SPECIFICATION

Available in a 24-port configurations, shields data from electromagnetic, and radio frequency interference. Panels shall have a black powder coat finish with white silk screening. Panels shall meet or exceed ANSI/ TIA-568-C, ANSI/TIA-1096-A, and IEC 60603-7.

### FEATURES & BENEFITS

- Mounts to standard 19-inch racks and cabinets
- Maximizes rack density and eliminates the need for horizontal cable management
- Detachable cable manager
- Suitable for both shielded and unshielded jacks (sold separately)
- Durable powder coat finish in black
- Supplied with rack mounting kit

### STANDARDS & REGULATIONS

- ANSI/TIA 568.0-E
- ANSI/TIA-1096-A
- IEC 60603-7

### MECHANICAL SPECIFICATIONS

Dimensions:	See page 2
Materials:	Powder coated plain carbon steel
Temp. (Storage):	-10 °C to +70 °C (+14 °F to +158 °F)
Temp. (Operating):	-20 °C to +60 °C (-4 °F to +140 °F)
Humidity (Max.):	93% relative humidity, non-condensing

### COUNTRY OF ORIGIN

China
