decora evolve™

Switches + Outlets. Forever Changed.

Compliance FAQs

What is the Decora Evolve Solution?

Decora Evolve offers new construction homebuyers an easy way to customize their new space. The Decora Evolve modular switch and outlet system features interchangeable modules – including a smart dimmer, USB charger, and motion sensor – that can be easily changed to suit the evolving needs and preferences of homeowners.

What wires can be used?

Decora Evolve works with both 14 gauge and 12 gauge stranded and solid copper wire, and may be used with 12 gauge Copper Clad wire. Decora Evolve is not to be used with Aluminum wire.

Are Evolve devices UL listed and NEC® compliant?

Yes.

		CAT #	FILE				UL
			E7458	E13399	E118904	E31373	
BASE	Duplex Receptacle	VBTR1		X			UL498
	Single-Pole Switch	VBSS1	X				UL20
	Multiway Load Controlling Switch	VBPS1	X				UL20
	Multiway Non-Load Controlling Switch	VBCS1	X				UL20
MODULE	Blank	VM0B0		X			UL498
	Receptacle	VMTR1	X	X			UL498
	Night Light	VM0L3	X	X			UL498
	USB Charger	VMAC2	X	X			UL498
	Dimmer	VMDD3	X			X	UL20
	Smart Dimmer	VM2D3	X			X	UL20
	Smart Switch	VM2S1	X				UL20
	Motion Sensor	VMOS1	X		X		UL20

The Decora Evolve Modules are unlisted components and were evaluated and found suitable to be used with the Leviton Decora Evolve Bases (VBTR1, VBSS1, VBPS1 & VBCS1) in files E13399 & E7458.
