PoE SWITCH MOUNTING KIT
Cat. No. POEMP-KIT

WARNINGS AND CAUTIONS
- **WARNING: TO AVOID DEATH OR SERIOUS PERSONAL INJURY:**
  - **DO NOT** push objects of any kind into this product through openings, as they may touch dangerous voltages.
  - **DO NOT** touch uninsulated wires or terminals unless the wiring has been disconnected at the network interface.
- Read and understand all instructions. Follow all warnings and instructions marked on the product.

WARNINGS AND CAUTIONS
- **Do not use this product near water** - e.g., near a tub, wash basin, kitchen sink or laundry tub, in a wet basement, or near a swimming pool.
- Never install communications wiring or components during a lightning storm.
- Never install communications components in wet locations unless the components are designed specifically for use in wet locations.
- Use caution when installing or modifying communications wiring or components.
- SAVE THESE INSTRUCTIONS.

## INSTALLATION INSTRUCTIONS   ENGLISH

DESCRIPTION

The Leviton® POEMP-KIT PoE Switch Mounting Kit is used for installing the Leviton POENS-8PT 8 Port PoE switch into a Structured Media Center enclosure. The kit includes 4 rubber feet, mounting fixture on universal mounting plate (with plungers and grommets), retention plate, screws, and cable ties.
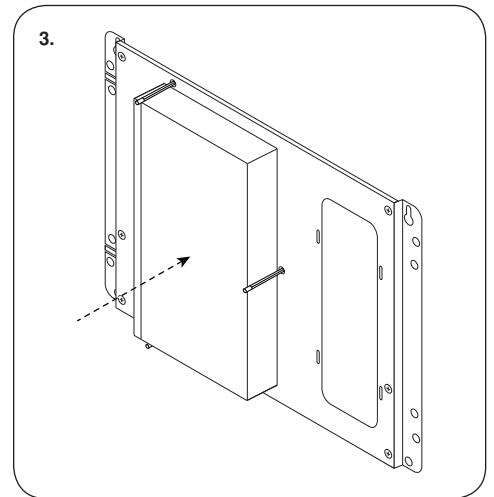

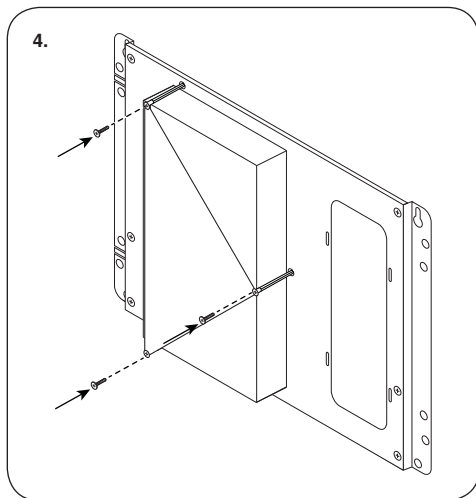

INSTALLATION

1. Attach the 4 rubber feet provided with the POEMP-KIT onto the top of the enclosure of the POENS-8PT 8 Port PoE switch as shown.
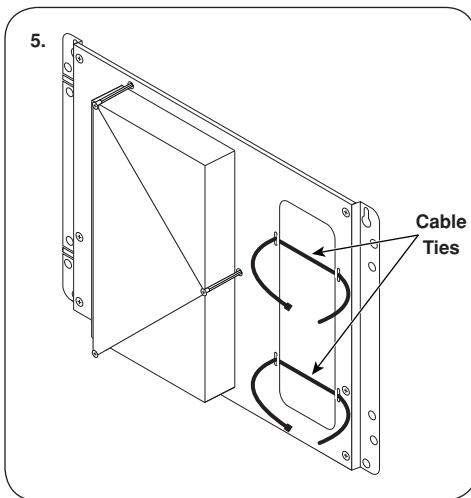

**2.** Remove the screw that holds in the triangular retention plate *(save this screw for step 4)*.

3. Place the POENS-8PT PoE switch onto the POEMP-KIT so that the rubber feet attached in step 1 make contact with the POEMP-KIT as shown (The POENS-8PT product ID Label should be facing you).

**4.** Attach triangular retention plate using provided screws.

**5.** Install cable ties on POEMP-KIT as shown.

Cable Ties

**6.** Plug power supply into the POENS-8PT PoE switch and secure power supply to the POEMP-KIT as shown.

7.

Insert a plastic grommet into each of the four holes of the mounting plate. Insert one of the plastic plungers into each of the grommets.

9.

Press the plungers into the grommets to lock the assembly in place.

8.

Align the assembly with the holes in the back of the Structured Media Center *(SMC)* enclosure and push the grommet into the holes.

FOR CANADA ONLY
