

## Aleera GUI Interface Downloads

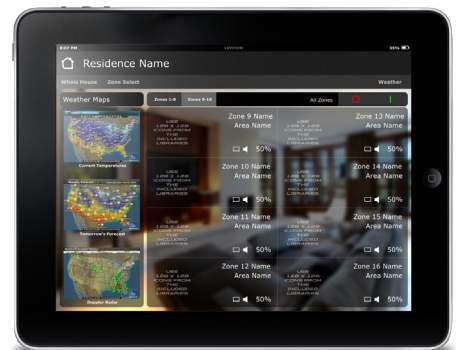

## Now Available Via Distribution

### Application

BitWise Graphical User Interfaces (GUIs) templates are available for integrators to create beautiful interfaces. These templates offer an excellent starting point for installers, providing pre-populated interfaces for a variety of control applications. The Aleera template, offered by Blackman Signature Designs, is the latest modern design with transparent and flat graphics.

### Downloading

Traditionally, graphical user interfaces have been both purchased and downloaded from the online BitWise webstore. Now, using part number BWGUI, the Aleera template may be purchased through distribution partners. A coupon code will be presented to the installer in order to download the GUI.
